# Message from the Editor-in-Chief

**T**he International Journal **Research Journal of Pure Algebra (RJPA)** is the **online Monthly** journal of **Mathematics, Science and Computing** launching on Feb. 2011.

We invite papers that make significant contribution to the Research knowledge related to areas of Mathematics topics, Science and Computing. I believe we will be publishing a significant number of high-quality original research article and scientific reviews from authors around the world. The Journal invites manuscripts in the Areas of basic Mathematical topics, Pure Mathematics, Methodology, Basic Algebra, Semi groups and monoids, Group theory, Ring theory, Field theory, Module theory, Representation theory, Group theory algebras, Non-associative system, Applied Algebra, Mathematical research, Area of Computer algebra, Advanced Algebra, Probability, advanced Mathematics, Applied Mathematics, Mathematical statement, Development of Algebraic theories, Co-modules, Co-rings, Co-algebras, Representation theory, Number theory, Algebraic geometry, Computational algebra, Analysis of new algorithms, General concepts, Mathematical objects, Equations named after people, about Mathematics, Mathematical Computing research, Scientific computing and Theoretical computer science a broad-based theme that should appeal to the largest possible audience interested in this subject.

Journal publishes peer-reviewed Original research papers, systematic reviews, news, interviews, and achievements.

To achieve our goal, we need to attract the very best papers from abroad as well as from India. For that purpose I have invited number of Mathematician specialists out side India to serve as editors. At the same time, I welcome opinions and comments to improve the editorial policy of the **Research Journal of Pure Algebra (RJPA)**.

I hope you find this journal informative and useful. It is a new initiative. Your comments and suggestions will help us to improve the quality and content of the journal.

Truly yours,
